PhpMyAdmin Contains more feature list than phpMyAdmin clone with Update. You need to do only this step Upload source file in your server where phpmyadmin is installed and rename it name.php. It must be well organized. After that rename to new name and upload it to new location and clear the cache. In this way you can upgrade your phpMyAdmin from your old version to newer. For update of phpMyAdmin after it has been released a product key is required.[Studies on the chemical constituents from the roots of Ligusticum chuanxiong]. Six compounds were isolated from the roots of Ligusticum chuanxiong with various chromatographic methods, their structures were identified on the basis of spectroscopic evidences and by comparison with literature data.
